Dear Students and Parents,

January 15, 2020

A big THANK YOU to all of you that attended Jinglepalooza at the Community Center and watched the Midtown Demonstration. Jinglepalooza is a great family event that helps to raise money for the center and make building improvements, and your support is always appreciated.

To the blackbelts that performed in the demonstration, thank you for your participation and you did a great job. I get many compliments from people impressed by you!

Also, I want to say a special Thanks to Logan Thome who does a wonderful job on the artwork on the mirrors every year. So many people enjoyed the "Frozen" theme this year.

Along with the mirror artwork, David Wennemar has done a wonderful job designing the Midtown graphics in the hallway. I'm so happy to have those on display and I get so many compliments on them! They are absolutely beautiful! David provides us with such great service for all our artwork and website, and I am so thankful for all he does!

This coming summer, I will bring back the summer camp events. I haven't held them for a couple years, but the kids that participated really enjoyed it. The classes will be during the day and we will work on techniques that we don't often do in regular classes. I'll provide more information on this in mid-spring, as the summer approaches. If you or your kids would like to practice something in particular, please let me know your suggestions before or after classes, or by email and I can consider adding it to the itinerary.
