Dear Students and Parents,

June 7, 2023

I hope everyone is as excited as I am for the warmer weather and the summer! If you will be heading on vacation for 1-2 weeks, you can let me know if you want to – But I don't need to know your family plans. During the summer, if you're absent for a week or two, I figure it's a family trip.

I would like to inform or remind everyone that Midtown does not modify the class schedule for the season. All children's classes are from 5p – 6p during the week (Mon, Tues, Wed, Thurs) and Saturday is from 11a – noon. Dojang doors will be opened approx. 20 mins before class start times. I appreciate everyone's efforts to get to class early or on time. I know the train can make things difficult. But at least the Anderson Road overpass is now an option.

If you do think you'll be late for a class by only a few minutes, please simply call or text the Midtown number before class time and let me know. It's stated in the handbook that students should be on time, but I do not have an issue if I know in advance.

If you haven't already, please find the student and parents handbook on the website. It contains rules for the school, general training tips and most importantly all of the study materials you need to know for each belt rank. <http://midtownmartialartselburn.com/>

The link to the handbook is at the bottom of the page.

If you were not aware, the Community Center is not funded by the Elburn Township, but instead run by rent from the tenants, donations and volunteers from the community and those involved with the building ownership. I want to thank our 'landlord' Pat Leyden for supplying the resources to repave the lot! I know it had been getting in rough shape lately. It's definitely a big improvement and we're grateful for everything our community center friends do for us.
