Dear Students and Parents,

August 19, 2025

Like many of you, I feel that Spring absolutely flew past us and Summer is trying to keep up with it. I cannot believe it's time for another school year already.

I love hearing about your new teachers and other things you experience as you enter a new school year and mature. Some of you may be trying a new sport or trying to play a new instrument. Or maybe you will join a choir or theater group. Whatever you choose as you grow, I hope you have fun in your journey – it's exciting to reach out and try new things!

The center has been around for 100 years and certainly has some “character.” It will always be my intention to keep Midtown a clean and safe place for all of us to train and enjoy. So, you may have noticed some of the woodwork around the Dojang and office getting restored. I also had the flooring professionally cleaned a few weeks ago. We'll continue to make updates and improvements when possible. A clean and orderly training area is a proper learning environment for all. Just the same as attending class with the proper attitude of wanting to learn.
